Second Newsletter and Call for Papers

The *Seventh International Colloquium "ΑΓΩΝ: Competition and Cooperation. From Ancient Greece to the Present"*, organized by the Centro de Estudios Helénicos, of the Facultad de Humanidades y Ciencias de la Educación, Universidad Nacional de La Plata, will be held in La Plata, Argentina, from 19<sup>th</sup> to 22<sup>th</sup> of June 2012. This time the meeting is intended to homage to Dr. Ana María González de Tobia, organizer of the five previous conferences.

The Colloquium proposes three main ways to participate:

- 1) **Conference panels** and **round-table** discussions which will focus on subjects of interest chosen from several areas of the Greco-Roman culture. Well-known scholars both from our country and overseas will be the guest speakers (Details are to be found at the end of this Newsletter).

The conference panels and round-tables aim at the discussion of some central issues in the study of Classical thought. They will be followed by a general debate in which every participant is encouraged to take part.

- 2) **Papers.** Should you be interested in presenting a paper, please send a **300-word** proposal **by email** by **31<sup>st</sup> March 2012**, to be evaluated by the Scientific Committee. The submission of the 20-minute paper (a printed copy plus CD version, 8 pages max. including bibliography, A4, Times New Roman 12, 1.5 space) will take place upon arrival to the Colloquium. Greek font, UNICODE.

**Students** wishing to present a paper should do it with the support of a scholar, preferably their supervisor whose name, position and Email address must be added to their abstracts.

- 3) **Short Courses.** Those interested in giving a short course should send their proposal by **31<sup>st</sup> March 2012**, including proposed title of the course, support statement, aims, subjects to be developed during the course (in two sessions of three hours each) and bibliography.

Papers' and Courses' sessions are open to all those interested in sharing their current research. Papers' and Courses' subjects are expected to focus on Classical Languages, Genres, Rhetoric, Epic, Tragedy, Comedy, Lyric, Ancient Philosophy, Ancient History, Cultural Studies, Classical Reception and Classical Archaeology, just to mention some of the possible subjects. **The proposed theme of the Colloquium is not exclusive.**
